SSF MS 3 Implementation

➢ **Definition:** This performance measure will show the current status of the MS 3 implementation schedule by tracking implementation versus schedule. Specifically, it will indicate the SARSS boxes that were capitalized per the schedule and the dollar value of the inventory that was capitalized.

➢ **Standards & Goal:** Performance matches schedule.

➢ **R&A Team Approach:** This performance measure will be reported once MS 3 implementation begins and will be updated monthly thereafter until implementation is completed.
